Conoral Information.

THE course of Collegiate study is that which has proved, from experience, best adapted to purposes of liberal education. The degree of Bachelor of Arts is conferred on those who finish the entire Classical Course, and pass thorough and satisfactory examinations.

The degree of Master of Arts is conferred, on the payment of the usual fee, upon every Bachelor of Arts of three years' standing, who has sustained a good moral character, and has pursued professional or scientific studies during that period. The application must be made in person, or by letter, at least one day before Commencement.

The course of study in the Scientific Department is so arranged as to meet the wants of young men, whose circumstances do not admit of their pursuing the regular College course. The degree of Bachelor of Science is conferred on those who complete this course.

The wants of another class of students will be met in the still more limited English course.

THERE are two Literary Societies connected with the University—the ATHENIAN and PHILOMATHEAN—in which students exercise in declamation, composition, and debate, besides becoming familiar with the modes of conducting business in deliberative assemblies.

The libraries of the University and of the Societies contain a large number of choice and valuable books. Large additions have been made to the apparatus of the various departments of Mathematics, Astronomy, Natural Philosophy and Chemistry. The cabinet is well selected, and affords the means for the study of Mineralogy, Geology, and Conchology.

Testimonials of good character are required from applicants for admission. Students from other Colleges must produce certificates of dismission in good standing. Students are received at any time, but it is to their advantage to enter at the beginning of a term.

New students, candidates for advanced standing, are examined in those studies previously pursued by the class which they propose to enter; or, if they come from institutions in which differents authors are read, in those which shall be deemed an equivalent. There is an examination at the close of each Collegiate term, to which the Trustees of the University, the parents and guardians of students, and all persons who feel interested, are invited. When from any cause a student has failed to be present at the general examination, he shall undergo an examination upon his return, or review his study in the next class.

A record is made of the daily work of each student in every class. When the standing of a student, as shown by this record and the examinations, falls below a certain mark, he must review the study.

Records are kept also of each student's deportment. A low standing on either record is followed by private reproof and admonition, and notice is given to the parent or guardian.

No student will take a study to which he has not been assigned, nor discontinue a study without permission obtained from the faculty.

No student is allowed to be absent in term-time without special permission. The absence of a student for even a single recitation, exerts on his progress an evil influence, which is seldom appreciated by parents or guardians.

No students, except Seniors, are permitted to recite in the Senior studies of the third term; and the *Senior* examinations of the third term are limited to the regular Senior studies of that term.

The students are required to be present at prayers in the College Chapel every morning. Every Sabbath afternoon a lecture on some moral or religious subject is delivered in the Chapel.

THE Term fees are, ten dollars for tuition, three dollars for contingencies, and three to four dollars for rent of room in the Colleges. The graduation fee is five dollars. No matriculation, or entrance fee, is charged at present.

Boarding in good families may be had at reasonable rates. Many of the students board themselves.

The following persons are admitted free of charge for tuition:

- 1. One student from each county of the State, to be selected by the County Commissioners and Auditor.
- 2. Any United States volunteer, a citizen of Ohio, who has been disabled in the service and honorably discharged; and,
- 3. Any honorably discharged volunteer, who entered the service as a minor, for as long a time as he was in the service under age. Soldiers availing themselves of this provision must procure from the Adjutant General a certificate of the time spent in the service as a minor.

All students are, however, charged for room-rent and contingencies.

It is earnestly recommended to parents sending their sons to this institution, not to furnish them with extravagant means. The schol-

arship and character of students are often injured by a free indulgence in the use of money. Whatever is beyond a reasonable supply exposes the student to numerous temptations, and endangers his happiness and respectability. As a precaution against extravagance, parents may deposit funds with some one residing in the vicinity of the University, in whom they have confidence, and who may pay particular attention to the pecuniary concerns of the student.
